Document Body

Hi Patrick, let me know what figures or other information you need to support your slides.

Thank you,
Linda Conlan, PG
Principal Geologist

Subject: Pechiney Public Presentation!

Thanks for responding Patrick. Please find the attached presentation.
After I talked to you today, I have included your title slide and few blank slides for the PCB plan and related information. if you want more blank slides, you can duplicate them. Please inform me and Linda Conlon if you need any info, fig or photo or have any questions.

I have also attached the letter received from the City of Vernon and the notification for the meeting. Please see.

DTSC Team,
The presentation is ready to go unless anyone has any changes to make.
I have added the better visible figures and the photos that Linda forwarded me today. Please inform.

Frank, I made all the possible changes you suggested. Please inform if anything is left.

After we receive Patrick's slides on Mon., we will finalize and discuss on Tues. in morning around 11:00 a.m. next week over the phone whoever is away from the Chatsworth Office.

Thanks
Chand

Chand Sultana, Ph.D., M.S.B.A.
Project Manager
Brownfields and Environmental Restoration Program
Department of Toxic Substances Control
9211 Oakdale Avenue
Chatsworth, CA 91311

To comply with the Governor's order calling for furloughs, the boards, departments and offices of the California Environmental Protection Agency are closed the first, second third Fridays of every month. I will view your email upon my return on Monday.

I apologize for any inconvenience this may cause.

Sincerely,
Chand Sultana
